SUBJECT INDEX (Vol. 7, 1984)

Abstracts, 37, 73, 155
Adhesives and mounting boards for photographic prints and works of art on paper (Jirat-Wasiutynski), 51
Audiovisual recordings of patients, some implications of (Hart), 48
Camera, camera, camera (Hammond), 19
Charger, fast NiCd (Lambley), 146
Clinical records, illustrative, confidentiality of, 4
Community health and medical illustration (Auger), 127
Computer graphics: buying the right chips (Jolly), 144
Confidentiality of illustrative clinical records, 4
Contracts and copyright for artists (Simmonds), 84
Copyright and contracts for artists (Simmonds), 84
Depth, representation of, in skin replicas (Nayler), 91
Dermatology, replica technique in, skin surface, applications of (Nayler), 21
Editorial, 3, 43, 83, 123
Education, patient and health—the role we can play (Loudon Brown and Watson), 63
Equipment and Methods, 29, 67, 113, 146
Gallery, 2, 42, 82, 122
Health and patient education—the role we can play (Loudon Brown and Watson), 63
Holography, some applications of, to medical assessment (Higgins), 59
Holography, some applications of, to medical assessment. Part II (Higgins), 98
Illustrated interactive patient management problems (Richmond), 132
Learning Materials, 33, 116, 150
Medical assessment, some applications of holography to (Higgins), 59
Medical assessment, some applications of holography to. Part II (Higgins), 98
Medical illustration and community health (Auger), 127
Medical photographer—a thought towards the future (McCausland), 17
Medicinal leech, illustrations of, historical survey of (Payton), 105
Mounting boards and adhesives for photographic prints and works of art on paper (Jirat-Wasiutynski), 51
Paediatric medicine, video recording in—technique and educational benefits (Menahem, Julian, Skoroplas, Driver), 124
Paper—permanence and durability (Jirat-Wasiutynski), 138
Patient management problems, interactive, illustrated (Richmond), 32
Photo-reprographics, innovations in (Hodson), 27
Photographic prints and works of art on paper, mounting boards and adhesives for (Jirat-Wasiutynski), 51
Photographing, social interactions in—even in medical illustration (Beloff), 44
Preservation of photographs, general observations on (Eaton), 87

Producing full colour artwork, a photographic method of (Auger), 13
Replica technique in dermatology, skin surface, applications of (Nayler), 21
Reports, 40, 75, 120, 157
Reviews, 38, 118, 153
Skin replicas, depth in, representation of (Nayler), 91
Social interactions in photographing—even in medical illustration (Beloff), 44
Storage, long term, of video tape (Jenkinson), 10
Video recording in paediatric medicine—technique and educational benefits (Menahem, Julian, Skoroplas, Driver), 124
Video tape, long term storage of (Jenkinson), 10
Viewpoint, Computer graphics: buying the right chips (Jolly), 145
